“From flashes of inspiration and paragraphs - The profession of patent attorneys”

Dr. Kerstin Lassak

Chemistry and Life Sciences

Trainee Patent Attorney at V.O. Munich

26.10.2017

- **16:00 – 17:00 Talk (open for everybody)**
- **17:00 – 18:00 Afternoon snack (registration required)**
- **Neuherberg, Bldg. 3533 /Room 231**

Kerstin Lassak graduated in biochemistry at the Friedrich Schiller University Jena, in September 2009, majoring in biochemistry, molecular and cell biology and natural substances chemistry. In December 2012, she received her PhD in molecular biology from the Philipps University, Marburg. After her promotion, she worked as a researcher molecular biology at the University of Basel. In December 2015, Kerstin joined the Munich office of V.O. as a trainee patent attorney. There she applies her expertise in the field of molecular biology and biochemistry to assist clients with respect to patent prosecution and third-party rights analyses.

Following the talk we will have the possibility to get in touch with her more personal during our snack. Please register to mirjana.gusic@helmholtz-muenchen.de if you want to join the afternoon snack. The talk is open for everybody.
